ABOUT ME

With my dedication to mastering digital tools and services over the years. My English proficiency is at a C1 level, enabling me to effectively communicate and collaborate in international work environments. During my academic journey, I have gained valuable insights into quality assurance (QA) processes, understanding the importance of thorough testing and bug tracking to deliver top-notch software solutions. I am eager to leverage this knowledge and contribute to your team's success in ensuring the quality and reliability of your products.
